

Authorship Statement, Copyright Agreement, Financial Disclosure and Acknowledgment Permission

Title of the Manuscript:

The appropriate author must sign the acknowledgment statement.

All authors must read and sign the form.

When you submit your article, you must upload the completed form to the system online.

This form may be duplicated and sent to authors.

AUTHORSHIP CRITERIA

As the author(s) of this paper, I/we declare and accept the following conditions:

- I declare that I have taken sufficient responsibility for the content of the study.
- I provided major contributions to the work's design and conceptualization, as well as data collection, analysis, and interpretation.
- I helped write the article or critically examined it for substantial intellectual substance.
- I reviewed and approved the final version of the essay.

COPYRIGHT, LICENSE AND OTHER RIGHTS

This work is original, has not previously been published, and is not being considered for publication in another journal.

If the article is accepted for publication in the KYBELE Medical Journal, it will be published under the Creative Commons Attribution-NonCommercial 4.0 International (CC BY-NC 4.0) license. This license allows third parties to reproduce, distribute, transmit, and reuse the content for non-commercial reasons as long as they properly credit the author(s) and the original work.

For more information on the CC BY-NC 4.0 license, visit <https://creativecommons.org/licenses/by-nc/4.0/>. The copyright of the published article is retained by the author(s) under the CC BY-NC 4.0 license.

The author(s) consent to relinquish the rights to the commercial utilization of the article to the institution/association/foundation/publishing house associated with KYBELE Medical Journal upon acceptance for publication.

FINANCIAL DISCLOSURE

Support Resources

- This study received no financial or material assistance.

- All sources of financial and material support for this study are explicitly listed in the text and below:

CONFLICT OF INTEREST

- The author(s) and their spouses/partners have no financial interest or personal connection related to the content of this article.
- All direct and indirect financial interests and corporate affiliations pertinent to the content of this essay are disclosed below:

Organization Name:

Contact Individual:

Consultancy:

Grant and Research Assistance:
